

Cholest-X

Natural Lipid Support*

Cholest-X provides support for healthy triglyceride and lipid metabolism. It is composed of a powerful combination of nutrients which work synergistically in improving the blood lipid profile.

- **Red Yeast Rice** has been used as a spice for centuries in Asian countries, but it has been found to be beneficial in improving the blood lipid profile in patients with elevated levels.
- **Niacin** has been shown to improve HDL (good cholesterol) levels in the blood. In a recent study published in NEJM, it was shown to be more effective than statins like Vytorin® in removing arterial plaque.
- **Emblica Officinalis** contains a diverse blend of phenolic compounds that have been clinically shown to safely help maintain healthy levels of all three key blood lipids—LDL, high-density lipoprotein (HDL), and triglycerides—as well as markers of inflammation such as C-reactive protein. Studies have also shown that this plant extract helps to induce rapid and significant improvement in endothelial function.
- **Artichoke Extract** was shown in a German Study published in 2001 to significantly lower LDL cholesterol.
- **Pantethine** is the activated form of Vitamin B6. It is documented to aid in healthy lipid metabolism.
- **Plant Sterols** have been shown in numerous studies to have the ability to lower cholesterol levels.

Directions:

Take 3 capsules, two times per day

Supplement Facts:

Serving Size: 6 Vegetarian Capsules

Servings Per Container: 30

Each Serving Contains 4500 mg of a Proprietary Blend:

Red Yeast Rice, Niacin (as Inositol Hexanicotinate), Pantethine, Artichoke Extract (5% cyn, 3% caffeoyl), Emblica Officinalis 25:1 Water Extract, Plant Sterols 98% Phytosterols

Other Ingredients: Vegetarian Capsule

Contains no sugar, starch, salt, yeast, wheat, gluten, corn, milk, egg, shellfish, preservatives or titanium dioxide; non-GMO product.
