

RxD3

Water Soluble Vitamin D3 with Grapefruit Seed Extract

Vitamin D3, considered both a hormone and a vitamin, is manufactured in response to skin's exposure to sunlight and is essential to the body's absorption of calcium. Natural vitamin D3 (cholecalciferol) is four times more potent than synthetic vitamin D2. Vitamin D3 has a significant impact on bone health and the immune system.

Micellization creates highly absorbable ball-like aggregate structures. Because of the nature of the micellar structure, micellization can solubilize fat-soluble compounds inside the ball and increase solubility and absorption of the compounds in the double layer dramatically, hence increasing their bioavailability.

Data shows that absorption levels of the micellized form is 4.5 to 5.4 times faster than the oil form and absorbed nearly twice as fast as the emulsified form. Once nutrients become water-soluble through micellization they are **now 500 % more absorbable** through the gastrointestinal lining.

Now this formula also contains grapefruit seed extract which is known for its many health benefits.*

Directions:

Take 1 drop daily or as directed by your healthcare professional.

Supplement Facts:

Serving Size: 1 Drop (0.05 ml)

Servings Per Container: 600

Each Drop Contains:

Vitamin D3 (as cholecalciferol) - 600 IU

Other Ingredients: Deionized water, ethoxylated castor oil, glycerine, citric acid and grapefruit seed extract.

Contains no sugar, starch, salt, yeast, wheat, gluten, corn, milk, egg, shellfish, preservatives or titanium dioxide; non-GMO product.

*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.
